

BP-02B – Additional Donut Cushion for The Bumper – Black – 851127008017

BP-02C – Additional Donut Cushion for The Bumper – Clear – 851127008000

The Bumper™ Donut is part of the Bumper Thrust Buffer line-up. Designed to work with the Bumper to reduce penetration depth of the penis, it can also be used by itself in a number of applications. When used, as intended, as an additional cushion for the Bumper, it can be stacked to create greater effect of penis length reduction. Made of our incredibly soft and stretchy SilaSkin™ material, a blend of TPR and Silicone, it provides a large surface area for “bumping” into your partner.

It can also be used on strap-ons to provide cushioning over the dildo-harness attachment point, or a cushion on the shaft of silicone dildos.

One Bumper Cushion is included with the Bumper Kit (BP-01B/C).

Available colors: SilaSkin Black, SilaSkin Clear

Clean up: Wash thoroughly with mild soap and water.

Safety: Safe with water based lubes. This product is not compatible with latex products. Please store separately.
